- 1,500+ consulting and service delivery professionals
- Proven year-over-year cost savings
- Integration labs that provide tailored solutions

How Insight Managed Office will help your business

Insight Managed Office is a complete suite of devices, cloud-based apps and lifecycle solutions designed to empower anywhere, anytime workers and drive workplace innovation. You can choose devices, have them shipped directly to you, leverage Microsoft® cloud applications and receive managed support every step of the way.

- Give users the freedom and confidence to work anywhere.
- Keep up-to-date with Windows® 10 and Office 365 applications through:
 - (1) monthly quality updates
 - (2) semi-annual feature updates
 - (3) critical security updates
- Consistently save costs with a fixed monthly subscription.
- Ensure optimal performance with dedicated, 24/7 support.
- Scale, modernize and increase agility for your business.

Insight helps you
manage business today
and transform the future.

Equip your team to work anytime, anywhere.

With Insight Managed Office, each PC is auto-provisioned to download Microsoft 365™ plans from the cloud, so you can take your productivity to new heights. All applications and policies automatically install within 15 minutes after user log-on, including:

Office 365®	Instantly access email, calendar, messaging, analytics, security and compliance capabilities for a more efficient workspace.
Windows® 10 Enterprise	Enable greater flexibility with enterprise-grade Advanced Threat Protection, Advanced Security Management and more.
Enterprise Mobility + Security	Get identity-driven information protection for users, devices, apps and data to enable secure collaboration on premises and in the cloud.

Built-in security

Device Protection	UEFI Secure Boot, Windows trusted boot
Threat Resistance	Device Guard, Smart Screen, Windows Defender
Identity protection	Windows Hello, Credential Guard
Information protection	Windows information protection, BitLocker, Office Data loss prevention, Azure information protection
Post breach detection investigation & response	Windows Defender ATP

Easy deployment and management

Microsoft Intune®	Provide identity, security and device management directly in the cloud.
Windows AutoPilot	Take a user self-service approach to provision and deploy devices — without the need to create and test operating system images.
Insight Managed Services	We'll handle the initial setup, full service desk support and technical assistance for end-user computing.

Always up-to-date

Semi-Annual aligned update model for Office 365 ProPlus & Windows 10
Each build of Windows 10* and Office 365 ProPlus is supported by Microsoft for a period of 18 months.
Deployment rings approach to deliver new updates

Proactive insights

Windows Analytics-Upgrade readiness	Verify applications, drivers and more prior to Windows upgrade deployment
Windows Analytics-Upgrade compliance	Gain visibility into the progress of updates and easily identify devices having update issues.
Windows Analytics-Device Health	Proactive insights to help detect and remediate end-user impacting issues.

*Microsoft has added 6-month support extension to some builds of Windows 10.
